The following text replaces missing text in the center of page 91:

Reassignment for department chairperson curriculum coordinator, or for any other purpose. (Where faculty are given load reduction within the instructional workload for any activity other than teaching, the number of hours required for the faculty will be equal to twice the credit hour reduction with the proportional reduction in office hours of one hour per three credit hour equivalent load reduction.)

Subject to the provisions of Article 12, the standard faculty instructional and reassignment workload shall be a minimum of 29 instructional and reassigned hours per week and a maximum of 35 instructional and reassigned hours per week. An assignment of more than 31 Total Instructional and Reassignment Hours for faculty teaching only didactic courses or for 34 or more Total Instructional and Reassignment Hours for faculty teaching other than only didactic courses, will require an adjustment in the 11 hours of non-instructional workload.

The complete text of the contract and a downloadable “Workload Computation Form” in Excel spreadsheet format are available on the union website mccc-union.org.
